German Folk Fights Back in Chemnitz!

6,000 Germans demonstrated in Chemnitz, Saxony. They mobilized within hours after a murder. Two racially alien foreigners stabbed their victim 25 times. The system media claims information was leaked by sympathizers within the police department. This seems quite possible. The nationalist resistance has always had many friends inside of the police. This makes large-scale raids ineffective.

Gaston-Armand Amaudruz

The great European nationalist and campaigner for historical truth Gaston-Armand ('Guy') Amaudruz died on Friday aged 97, after more than seventy years of tireless activism.

His first political essay was published in 1945, and in 1951 he began editing the *Courrier du Continent*, originally the publication of a small Swiss nationalist party, which became Amaudruz's personal journal and played an important role in coordinating the elite of European racial nationalists for decades.

From the 1990s Amaudruz campaigned against the trend towards 'anti-racist' and 'anti-revisionist' laws in many European countries, and in April 2000 (aged 79) he was himself sentenced to 12 months imprisonment by a criminal court in Lausanne, Switzerland, for 'holocaust denial'.

In his testimony at this trial, Amaudruz courageously declared:

"If the Six Million figure were correct, and the gas chambers existed, it would not be necessary to suppress dissident opinions with a

muzzle law. In such a situation one should be able to present proofs. The existence of Section 261 [Anti-Racism Law] is the best argument against the standard version of the fate of the Jews in the Second World War. Given how the media incessantly serves up this version,

Missouri Sets Good Example

The state of Missouri has taken measures to discourage illegal immigration. As a result, Missouri now has the lowest percentage of illegals in the country, namely less than 1%!

These measures include the following:

In 2007 the Missouri General Assembly put a constitutional referendum on the ballot that made English the state's primary language.

In 2008 the state legislature passed a law that requires Missouri Highway State Patrol officers to check the immigration status of people who are pulled over.

Missouri state law makes illegal immigrants ineligible for state-sponsored health care and

food stamp programs. Furthermore, they are not eligible for financial aid in Missouri.

This information is reportedly based on an editorial published by the *Ozarks Sentinel* on May 13, 2009.

Note: Some European countries like Hungary have passed even stricter laws in an effort to stop the invasion.

Patriots! Urge your state senators to follow the example set by Missouri! Likewise your federal-level congressmen and senators! If they refuse, find independent candidates to run against them.

Stop the Invasion!

The big issue today is “illegal immigration.” (Actually, it is *non-White* immigration. But it is not necessary to stress this distinction in our *mass propaganda*. *Ideological purity* is fine inside our own ranks. But when it comes to the broad public, we must be more pragmatic.)

The United States spends more money on defense than every other country on this planet combined.

But the federal government is either unwilling or unable to defend our southern border.

Something is wrong.

Very wrong.

The federal government is broken.

Therefore, we must demand our local and especially our state governments to step in and do something to discourage illegal immigration.

Options include:

First, stop all financial aid to illegal immigrants/invasaders.

Second, criminalize illegal immigration. Seize their assets and deport them.

Third, at the very least, outlaw so-called “sanctuary cities” inside our own state.

This is not about “politics” and “jurisdiction” in the old sense.

This is about the survival of our country, our civilization, and our race!

Our newest web-site *stopinvasion.net* urges U.S. citizens to report illegal aliens to the authorities. When our opponents object to this simple appeal to obey the law and support law enforcement, they expose themselves. The web-site includes layouts for a flier, business card, postcard, door hanger, and even a billboard (shown above).

doubts are practically obligatory.”

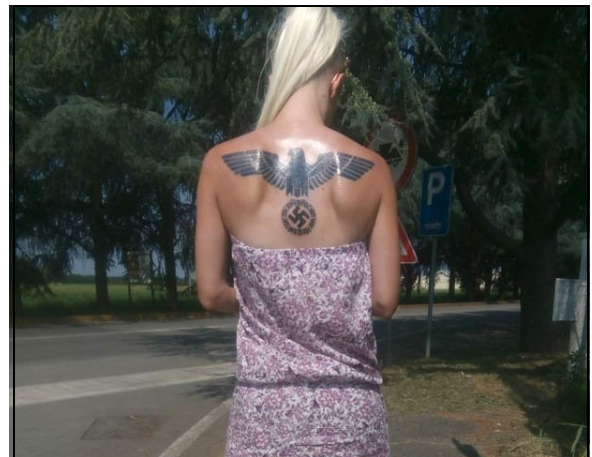

Asked by prosecutors whether he was a racist, Amaudruz replied:

“Yes, and on the basis of the *Petit Larousse* [a standard dictionary] of 1947, which defines Racism as ‘the theory of those who seek to defend the unity of the race of the nation’.”

Questioned about his opposition to racial mixing, he replied: “Race-mixing destroys that which nature has created over aeons of time. Racism protects the rights of all human societies.” Amaudruz reaffirmed his belief that “the European peoples must remain white.”

A tribute to Gaston-Armand Amaudruz will appear in the November edition of *Heritage and Destiny*.

One of the several beauty contest participants!

National Socialist Beauty Contest

The online contest was held on VKontakte – the Russian answer to Facebook – and had finalists from Germany, Russia, Italy and the USA.

The page had attracted thousands of views and more than 500 votes before it was shut down yesterday.

Contest organizers said their aim was “promoting White National Socialist culture; encourage interaction between the National Socialist community; clearing the image of Adolf Hitler, showing [the] beauty of White culture and to protect and defend women”.

VKontakte – which is used by 68% of Russians with internet access – has faced a spate of criminal cases against its users for “extremism”.
